Dear Sonny:

Please let me know right away if you are coming east to the fight. There are several things I think we should discuss.

If you are not coming to the fight, I will try and arrange some way to see you anyway.

I received a notice the meeting would be Jan. 3rd, then a couple days ago another one saying it had been postponed because Gottlieb could not be there. I called Gottlieb on the telephone, and he told me he was not the cause of the postponement. He said he is going away for a few days, but he could have attended the meeting Jan. 3rd as arranged. I have an idea why the postponement. That is one of the things I want to talk to you about.

It seems to me if we ever needed a meeting early, this is the year. The way things are now, because of the war, it may be we might discuss putting the men on percentage. We may have to play twilight. In fact there is no telling what may happen.

All things considered, I think it would have been better to have the meeting early, however it has been postponed now.

The things I want to talk to you about I believe to be really important. Please try and arrange to see me. If you want to call me my number is Market 3-0555. If you want to phone 3 or 4 oclock in the morning it will be alright. No one will answer the phone at any time, but my wife or I. Please let me hear from you.

Very Truly Yours
